society*  
*there when you need us.*

This booklet will help you familiarise yourself with the benefits and rules of the Society – take a few moments to go through it. Keep it close at hand and refer to it when in doubt.

Health is unpredictable and the costs of quality healthcare in South Africa are rising all the time.

## Why medical aid?

You never know when you or one of your family members may need medical care, which could cost a substantial amount. The Fund provides medical cover to you and your dependants for a wide range of medical services, prescribed medicine and medical events, such as hospitalisation and surgery.

Health is unpredictable and the costs of quality healthcare in South Africa are rising all the time. Even if you take good care of yourself and your health, you don't want to be caught out by an accident, an unforeseen illness or even the high costs of a pregnancy, appendectomy or X-ray.

## About the Society and its management

The Society is registered as a medical scheme in terms of the Medical Schemes Act, 131 of 1998. A Board of Trustees is responsible for managing the Society and its assets. Four of the seven Trustees on the Board are elected by members. The Society has a Principal Officer who is responsible for the day-to-day functioning of the Society.

## Member guide

This booklet will help you familiarise yourself with the benefits and rules of the Society – take a few moments to go through it. Keep it close at hand and refer to it when in doubt.

## Your responsibilities as a member

- ◆ Take time to understand how your Society works.
- ◆ Inform the Society of any changes to your membership details.
- ◆ Inform the Society before you are admitted to hospital.
- ◆ Provide the necessary proof from the time your child dependants turn 18 to ensure that they enjoy cover at the appropriate rates.
- ◆ Keep your membership card in a safe place so that no one else can use it fraudulently.
- ◆ If you are an active employee, ensure that your work, home and email addresses are kept updated to receive all communication.
- ◆ If you are a pensioner, ensure that you notify the Society of your valid postal and email addresses in order to ensure that you receive your communication.

## MEMBERSHIP

### Who qualifies for membership of the Society?

**Active employees:** Membership of the Society is a condition of employment and is therefore compulsory for all full-time employees of BP Southern Africa (Pty) Ltd (the employer) according to your employment contract, unless you are entitled to benefits as a dependant of your spouse or partner's medical scheme.

**Continuation members:** Membership is voluntary for active members and their dependants who retain their membership of the Society under the following circumstances:

- ◆ the employer has terminated your service on account of age, ill-health or disability; or

## MEMBERSHIP (CONTINUED)

- ◆ you have been retrenched at or after the age of 40 where you have enjoyed at least five years of continuous service with the employer at the date of retrenchment and you have to date not found any alternative employment; or
- ◆ you resigned or were retrenched from the service of the employer after at least 10 years of continuous service at the time of your termination of service – you may reapply for membership of the Society on reaching the age of 50 with no late joiner penalty (refer to page 11) if you apply within 12 months of turning 50; or
- ◆ you have been retrenched or you have retired or resigned from employment at or after the age of 50; unless you inform the Board of Trustees in writing of your desire to terminate your membership, your membership will continue automatically; or
- ◆ you become entitled to a deferred pension from the BP Southern Africa Pension Fund.

### The following persons qualify as dependants:

- ◆ your spouse or partner, who is not a member or a registered dependant of a member of another medical scheme;
- ◆ your dependent child (biological or adopted), who is not a member or a registered dependant of a member of another medical scheme;
- ◆ your child dependant, i.e. any of your dependants who are younger than 18 years of age;
- ◆ your child dependant between the ages of 18 and 27 who is unmarried and is:
  - a full-time student at a recognised tertiary institution
  - not self-supporting due to physical or mental incapacity
  - dependent on you for family care and support, as defined by the Board from time to time
  - over the age of 27 and dependent on you for family care and support, as defined by the Board from time to time
  - your immediate family, i.e. your parent, brother, sister, niece or nephew, in respect of whom you are responsible for family care and support

- your grandchild in respect of whom you are responsible for family care and support, as defined by the Board from time to time; and
- ♦ in exceptional cases and upon special motivation, other persons approved by the Board of Trustees as your dependants.

## Joining the Society as a member

Obtain an application form from either your human resources department or at [www.bpmas.co.za](http://www.bpmas.co.za). Complete the application form in full and submit it to your human resources department with a certificate of membership (if applicable), indicating the resignation date from your medical scheme and any additional documentation or certificates, as requested on the application form.

*As it is against the law to belong to more than one medical scheme at a time, please make sure that you terminate your membership of your previous medical scheme before joining the Society.*

## Registering and deregistering a dependant

Please inform the Society through your human resources department within 30 days of any circumstances that could affect your membership or the eligibility of your registered dependants. Examples of such changes include changes in marital status, the birth or adoption of children and the registration of a dependant on another medical scheme. The necessary record amendment form for the registration and deregistration of dependants can be obtained at [www.bpmas.co.za](http://www.bpmas.co.za) and submitted to human resources with the relevant supporting documents, as indicated on the form.

## Retiring from BPSA

As a member, you have a right to continue your membership of the Society on retirement or termination of employment, subject to the criteria indicated under the section, 'Who qualifies for membership of the Society' on page 3.

## MEMBERSHIP (CONTINUED)

The Society will inform members of their right to continue their membership and of the contribution payable from the date of retirement or termination of employment. Unless members inform the Board in writing of their desire to terminate their membership, they will automatically continue as members.

### Termination of membership

If it is a condition of employment according to your employment contract for you to belong to the Society, membership of the Society is compulsory and you may not resign from the Society unless you are registered as a dependant on your spouse or partner's medical scheme. Should you wish to resign from the Society in order to become a dependant on your spouse or partner's medical scheme, please notify us timeously to avoid dual membership of two medical schemes and also to ensure that we do not deduct contributions that are not due. Because it is a condition of employment for you to belong to the Society, you will be required to supply annual proof to human resources that you have joined your spouse or partner's medical scheme as a dependant.

# 2017

## member guide

*In the event that it is not a condition of employment for you to belong to the Society, you may terminate your membership by giving one calendar month's written notice to the Society.*

## Who do I notify in the event of a change in my personal details?

As stated, please notify both your employer's human resources department and the Society within 30 days of:

- ◆ a change in marital status; certified copies of your spouse's identity document and marriage certificate will be required;
- ◆ the birth of a child; a copy of the birth certificate will be required;
- ◆ the adoption of a child; a copy of the final legal documents should accompany your request to register the child as your dependant;
- ◆ any of your dependants who no longer qualify for dependant status;
- ◆ any change in your residential, postal or email addresses, contact numbers or banking details;
- ◆ notice of resignation from the Society.

## How are monthly contributions calculated?

Contributions are calculated on the basis of your income or that of your registered spouse, whichever is higher.

### Active members:

Contributions are based on the pensionable portion of your total remuneration package. ***Please refer to the contribution table at [www.bpmas.co.za](http://www.bpmas.co.za) to calculate the total contribution payable by you.***

If you qualify for a subsidy, e.g. bargaining unit and some pensioners, towards your medical aid contribution, the total contribution due by you will be the contribution minus the subsidy. For more details on your subsidy, please contact your human resources consultant.

**Child and adult dependant contribution rates: The child and adult dependant contribution rates that are payable are indicated in the**

### What are waiting periods and when do they apply?

The rules of the Society stipulate that general and condition-specific waiting periods may be applied to members and their registered dependants. Contributions must be paid during these waiting periods, but no insured benefits will be paid by the Society during the waiting periods, except prescribed minimum benefits (PMBs) under certain conditions.

A general waiting period is imposed for three months and a condition-specific waiting period may be imposed for a period of up to nine months for existing pregnancies and confinements and for a period of up to 12 months for any condition for which medical advice, diagnosis, care or treatment was recommended or obtained within a period of 12 months immediately prior to the date on which the application for membership of the Society was made.

General and condition-specific waiting periods do not apply:

- ◆ to a person who has been a member or a dependant of a member of a medical scheme for a continuous period of more than 24 months immediately preceding his or her application for membership and who applies within 90 days after ending his or her membership of the previous medical scheme;
- ◆ to a child dependant born during his or her parents' membership of the Society;
- ◆ to a person who was previously a member or dependant of a member of a medical scheme who applies for membership within 90 days after ending his or her membership of the previous medical scheme because of a change in employment or if the employer changes medical schemes;
- ◆ in respect of PMBs, except where a person has not been a member or a dependant of a member of a medical scheme for at least 90 days immediately preceding his or her application; and
- ◆ to a member who has been registered as a participant on the LifeSense Disease Management HIV programme.

## PLEASE NOTE

*If you elect not to register your eligible dependants with the Society on the commencement of employment with the employer, your dependants' membership will, upon future application for membership, be subject to general and condition-specific waiting periods unless conditions apply under which the waiting periods can be waived.*

### Late joiner penalties

The law provides that a late joiner penalty may be imposed on the membership of a member or his or her adult dependants who are 35 years of age or older at the date of application and who:

- ◆ did not belong to a registered medical scheme on 1 April 2001; or
- ◆ belonged to a registered medical scheme on 1 April 2001, but had a break in cover of three or more consecutive months since 1 April 2001.

The Society will not impose a late joiner penalty on a new member who meets the definition of a late joiner if he or she joins the Society from the date of employment. This concession applies strictly to a member and his or her spouse, partner or child. It does not include special dependants, such as parents or siblings for whom the member is liable for family care and support.

A late joiner penalty is provided for in legislation and is calculated according to the number of years the applicant did not have medical scheme cover. The penalty is determined as follows:

*Age upon application, minus 35 years, minus number of years of previous medical aid cover = total years without cover.*

The penalty to be applied depends on the number of years without cover and is calculated as a percentage of the monthly contribution that is payable by the late joiner.

## MEMBERSHIP (CONTINUED)

YEARS WITHOUT COVER	PERCENTAGE OF CONTRIBUTION
1 – 4 years	0.05 x contribution
5 – 14 years	0.25 x contribution
15 – 24 years	0.50 x contribution
25+ years	0.75 x contribution

### Example

- ◆ You are 50 years old.
- ◆ You are not joining the Society from the first date that you are eligible to do so.
- ◆ You are applying for membership in April 2017.
- ◆ The last time you were on a medical scheme was in December 2016.
- ◆ You were previously on a medical scheme (or schemes) for a combined, total period of four years.
- ◆ Calculation of penalty:  
*[Age upon application, minus 35 years, minus number of years of previous medical aid cover = total years without cover]*  
 $50 - 35 - 4 = 11$  years without cover  
 According to the table above, you fall into the 2<sup>nd</sup> category and 0.25 of your contribution will be added as a penalty to your monthly contribution.

## IMPORTANT

It is important that you provide proof of membership of all previous medical aid societies when you apply to join the Society, as this can affect the calculation of the late joiner penalty. The greater the period of cover you can prove, the lower the penalty will be if a penalty applies.

## PLEASE NOTE

*To ensure that the correct contribution and penalty is charged, we require the following:*

- ◆ *your application form to be completed in full; and*
- ◆ *certificates of membership of all previous medical schemes.*

*The penalty is calculated as a percentage and will therefore increase or decrease:*

- ◆ *as and when the Society announces an overall contribution increase or decrease; and*
- ◆ *if a salary adjustment results in a change in salary category for the principal member.*

*The percentage that is added to the contribution is not a once-off fee and will apply for the duration of the late joiner's membership.*

## When will my membership be terminated?

**Active members:** As your membership of the Society is a condition of employment, you are not permitted to terminate your membership while employed by BPSA, unless you are entitled to benefits as a dependant on your spouse or partner's medical scheme. Membership of the Society will automatically cease upon termination of employment with BPSA, unless one of the conditions for eligibility that is applicable to continuation of membership applies.

**Termination of membership of dependants:** You may cancel the membership of any of your dependants upon submission of one calendar month's written notice. Please note that in order for child dependants to remain registered after the age of 18, the Society requires supporting documentation from a recognised tertiary institution and an affidavit from the main member confirming that the child is a student. If no supporting documentation is received, your dependants' membership will automatically be cancelled. A once-off doctor's report is required for children who are physically or mentally disabled. Termination of the principal member's membership will automatically end the membership of any dependants.

## MEMBERSHIP (CONTINUED)

**Continuation members:** As your membership of the Society is voluntary, you may terminate your membership upon submission of one calendar month's written notice. You are eligible to re-join the Society, provided that you meet the qualifying criteria set out in point 6.2 of the Society's rules. You can view the rules at [www.bpmas.co.za](http://www.bpmas.co.za).

**Death of a member:** The deceased member's membership ceases at the end of the month following the date of death. With effect from the first day of the following month, the surviving spouse or partner becomes the principal member. If there is no spouse or partner, the eldest child assumes the principal membership.

**Death of a dependant:** The dependant's membership ceases at the end of the month of his or her death.

**Failure to pay contributions:** The Society will have right to suspend all benefit payments in the respect of claims which arose during the period of default. Written notice of debt will be given to the member/employer, failing which membership may be terminated in terms of the rules of the Society.

**Fraud:** It is fraudulent for anyone other than yourself and your registered dependants to use your membership card. The Board of Trustees may exclude benefits from or terminate the membership of any member or registered dependant found guilty of:

- ◆ abusing the benefits and privileges of the Society by presenting false claims;
- ◆ making a material misrepresentation; or
- ◆ the non-disclosure of factual information.

In the above cases, the member may be required by the Board of Trustees to refund any amounts that were paid on his or her behalf.

## BENEFITS AND RULES GOVERNING BENEFITS

### Important points to understand about your benefits

- ◆ The Society's benefit year runs from 1 January to 31 December.
- ◆ Benefits are not transferable from one benefit year to the next.
- ◆ If you join the Society during the year, some of your benefits will be adjusted in proportion to your period of membership for the year. You will be able to identify the benefits that are not adjusted in this way as you read through this guide.

### PRESCRIBED MINIMUM BENEFITS (PMBs)

The PMBs that are referred to in the schedule of benefits are the minimum benefits that the Society must provide to its members for the diagnosis and treatment of approximately 270 illnesses stipulated in the Medical Schemes Act and the diagnosis, medical management and medication for the 26 chronic diseases listed further on.

#### Important information regarding PMBs: Please read carefully

Notwithstanding any provisions to the contrary in this guide, the Society will cover:

- ◆ 100% of the diagnosis, treatment and care costs of the statutory PMBs, subject to PMB regulations, if those services are obtained from a designated service provider (DSP); or
- ◆ the relevant Society rate for the diagnosis, treatment and care costs of the statutory PMBs if a beneficiary voluntarily accesses PMBs via a non-DSP when provision has been made for a DSP; or
- ◆ 100% of cost for the involuntary use of a non-DSP, subject to PMB regulations.

Please visit **[www.bpmas.co.za](http://www.bpmas.co.za)** for a full list of the Society's DSPs.

## PRESCRIBED MINIMUM BENEFITS (PMBs)

(CONTINUED)

### Explanation of PMB (CDL) conditions

PMBs cover the diagnosis, treatment and care costs for relevant healthcare services rendered at DSPs in full for PMB chronic disease list (CDL) conditions. There are no limits on these services if they are provided for in the patient's care plan and obtained from a DSP, subject to Appendix 1 of the Society's rules (*visit [www.bpmas.co.za](http://www.bpmas.co.za)*).

#### PMB CDL conditions:

## SCHEDULE OF BENEFITS (CONTINUED)

### 1. HOSPITALISATION AND RELATED BENEFITS

All hospitalisation requires pre-authorisation from the Society's designated agent or hospital DSP.

1. Authorisation must be obtained from the Society's designated agent or hospital DSP before a beneficiary is admitted to a hospital or day clinic (except in the case of an emergency), failing which the member will be liable for a co-payment of 20% of the cost of the hospital account, up to a maximum of R1 000, except for PMB treatment. This is in addition to any co-payment in terms of note 4 below.
2. In the event of an emergency, the Society needs to be notified of the admission within one working day after admission to hospital.
3. Accommodation in a private ward is subject to motivation by the attending practitioner that it is essential for the recovery of the patient.
4. Unless the beneficiary is deemed to have involuntarily obtained a service from a provider other than a DSP, the member will be liable for a co-payment of 10% of the cost of the non-DSP hospital account, up to a maximum of R10 000. A beneficiary will be deemed to have involuntarily obtained a service from a non-DSP provider:
  - 4.1 if the service was not available from the DSP or could not be provided without unreasonable delay;
  - 4.2 if there was no DSP within 25 kilometres of the beneficiary's ordinary place of residence; or
  - 4.3 in the case of an emergency, as defined in the Medical Schemes Act. Except in the case of note 4.3, pre-authorisation must be obtained by a member prior to obtaining a service from a non-DSP provider in terms of this rule, to enable the Society to confirm that the circumstances above are applicable. Where a beneficiary has been admitted to hospital due to an emergency and where there is a DSP within 25 kilometres of his or her residence, the patient must be transferred to a DSP hospital, provided the DSP has the appropriate facilities, as soon as the patient's condition has been stabilised. Should this transfer not take place, a co-payment will be applied, as stated in 4 above.
5. If the choice of a provider or a change of provider would result in reduced quality of care or an overall increase in the cost of care, special authorisation may be sought at the time pre-authorisation is obtained for treatment at a non-DSP, without a co-payment.

## DESIGNATED SERVICE PROVIDERS

The Society selects and contracts designated service providers (DSPs) and preferred providers of healthcare services to members. It has also contracted a managed healthcare provider for the provision of managed healthcare programmes. Through the DSPs and managed healthcare programmes, the Society ensures the appropriate and cost-effective diagnosis, treatment and care for members for all the PMB conditions. The Society has established DSP networks, such as hospital, pharmacy, general practitioner (GP) and specialist networks.

The Society has contracted the managed care programmes and DSPs overleaf for the delivery of PMBs to beneficiaries.

## DESIGNATED SERVICE PROVIDERS (CONTINUED)

### Managed care programmes:

- ◆ hospital management (manages pre-authorisation for hospitalisation);
- ◆ medicine risk management (manages pre-authorisation for chronic medication);
- ◆ HIV management via LifeSense Disease Management;
- ◆ disease risk management;
- ◆ oncology management (manages the pre-authorisation of oncology treatment plans);
- ◆ Eldercare programme;
- ◆ maternity programme; and
- ◆ PMB programme.

*For more information or to register on the above programmes, please contact the Client Service Department on 0800 001 607.*

### DSPs:

- ◆ Clicks and Dis-Chem (for the provision of medication);
- ◆ Mediclinic and Life Healthcare hospitals (for hospitalisation);
- ◆ The Society's general practitioner network;
- ◆ Netcare 911 for emergency transportation services;
- ◆ Independent Clinical Oncology Network (ICON) (for oncology treatment); and
- ◆ The Society's specialist network.

In addition to contracting DSPs, establishing preferred provider networks and providing managed healthcare services, the Society seeks to manage its exposure to health risk through the establishment of treatment protocols, the use of formularies, capitation agreements and limitations on disease cover, which the Board may find appropriate for the management of the benefits detailed in the registered rules.

## Medicine risk management

### **How do I apply for the chronic medication benefit?**

To use the chronic medication benefit, you must apply to Medicine Risk Management (MRM). Your doctor may:

- ◆ phone the Pharmacist Online on 0861 888 124 to obtain immediate authorisation for your chronic medication; or
- ◆ download an MRM application form at [www.bpmas.co.za](http://www.bpmas.co.za) and fax the completed form to MRM on 021 480 2742.

For further information, please contact the Client Service Department on 0800 001 607.

### **What is a chronic condition?**

A chronic condition is a disease that is persistent or otherwise long-lasting in its effects. The term chronic is often applied when the course of the disease lasts for more than three months. The chronic conditions covered by the Society can be viewed at [www.bpmas.co.za](http://www.bpmas.co.za).

## DESIGNATED SERVICE PROVIDERS (CONTINUED)

### Hospital risk management

#### **How do I obtain pre-authorisation for hospitalisation?**

Pre-authorisation is a process that is followed by the Society's managed healthcare provider that includes the application of clinical protocols to determine if a medical procedure is clinically required and if benefits are available. Please note that the granting of pre-authorisation does not guarantee full payment of your claims. Requests for pre-authorisation are very rarely declined. An example of a procedure for which pre-authorisation would be declined is surgery for cosmetic reasons. Annexure C of the Society's rules provides a comprehensive list of other procedures that are excluded from payment.

Failure to obtain pre-authorisation will result in a co-payment amounting to 20% of the cost of the hospital account, subject to a maximum of R1 000.

You will need to obtain authorisation prior to any of the following procedures:

- ◆ admission to hospital (all in-hospital services);
- ◆ kidney dialysis (in and out of hospital);
- ◆ organ transplants;

# 2017 member guide

- ◆ fitment of surgical prosthesis;
- ◆ dental surgery (in hospital);
- ◆ surgical procedures (internal and external); and
- ◆ MRI and CT scans.

To ensure a smooth authorisation process, keep the following information handy:

- ◆ your Society membership number;
- ◆ full name and date of birth of patient being admitted for the procedure;
- ◆ hospital practice number;
- ◆ doctor's practice number;
- ◆ ICD-10 code (your doctor will issue you with this);
- ◆ CPT4 number or tariff code (your doctor will issue you with this);
- ◆ date of admission or procedure; and
- ◆ cost that the doctor will be charging.

Members are notified in writing when the request is authorised or declined. If declined, no benefits will be paid for that specific procedure. In the unlikely event that the managed healthcare provider does not grant you pre-authorisation, you have the right to appeal the decision.

## CLAIMS SUBMISSION

### How soon should I send in a claim?

Claims must be received within four months of the date of service.

### When are claims settled?

Claims are processed and paid twice a month to members and service providers. You will receive a claims statement with each claims run (if applicable) and it is wise to check these thoroughly.

### Email notification of claims that have been processed

If you provide us with your email address, you will receive an email each time one of your claims is processed.

Email your claims to [bpmas@mhg.co.za](mailto:bpmas@mhg.co.za), or post them to:

BP Medical Aid Society

PO Box 532

## PLEASE NOTE

*Claims for services rendered outside the borders of South Africa must be paid for in cash and submitted to the Society with proof of payment. Such claims must bear a detailed description in English of each service rendered. Benefits on such claims will be paid at the Society rate as if the services had been rendered in the Republic of South Africa.*

## SUMMARY OF ANNEXURE C (RULES AND LIMITATIONS)

The full list of the exclusions and limitations can be viewed on the Society's website at [www.bpmas.co.za](http://www.bpmas.co.za).

The following products and services will not be covered by the Society, except in the case of prescribed minimum benefits (PMBs):

- ◆ slimming preparations, appetite suppressants, food supplements, vitamins and tonics, unless prescribed and medically necessary;
- ◆ household and biochemical remedies, such as devices and material such as dental floss, toothbrushes and toothpaste, suncreening and tanning agents, soaps, shampoos and other non-medical topical applications;
- ◆ infertility and artificial insemination;
- ◆ cosmetic procedures;
- ◆ willful injury or attempted suicide; and
- ◆ services rendered by any person not registered by a recognised professional body.

## COMPLAINTS AND DISPUTES

Should you have any queries regarding the Society, please contact the Client Service Department on 0800 001 607 or by email to [bpmas@mhg.co.za](mailto:bpmas@mhg.co.za) with the details of your query.

Should you feel that the Client Service Department has not resolved your query, you may request that it be referred to a team leader, followed by the Client Service Manager. If the query is still not resolved, it can be submitted to the Fund Manager at MMI Health or the Principal Officer of the Society. Please provide all details pertaining to the claim, as well as the details of your interactions with the Client Service Department.

## member guide

Please bear in mind that the Society's registered rules and practices will take precedence at all times when we consider what action should be taken to resolve the query.

You have the right to request that your query be referred to the Board of Trustees for consideration or, should the query still not be resolved, that the Principal Officer refers your case to the Society's Disputes Committee.

Once the matter has been referred to all of the above channels and you are still not satisfied that the query has been properly resolved, you have the right to lodge a complaint with the Registrar of the Council for Medical Schemes. Remember: before doing so, you are encouraged to log your disputes with the Society for investigation, allowing the Society fair opportunity to assist you in resolving your dispute before lodging a dispute with Council for Medical Schemes.

## GLOSSARY

**Agreed tariff** = The tariff agreed upon between the Society and the service provider, whether designated or preferred

**Formulary** = A list of preferred medicines for the treatment of the 26 prescribed minimum benefit (PMB) conditions that includes original, brand-name and generic medicines and is administered by the Society's designated agent

**Generic reference pricing** = The maximum price that the Society pays for medication, based on the cost of any original product

**Therapeutic reference pricing** = the maximum price that the Society pays for medication for a particular chronic condition, based on a range of medicines that have the same therapeutic effect and pharmacological action

**PMBs** = Prescribed minimum benefits, as stipulated in the Regulations to the Medical Schemes Act – a set of defined benefits that medical schemes must cover to ensure that all members have access to certain minimum health services

**Society rate** = The Society rate is determined by the 2014 Society rate, plus a 6% inflationary increase; in respect of claims from Namibian service providers, the Society rate will be referred to as the NAMAf rate

**TTO** = To-take-out medicine – medicine taken home after being hospitalised

**UPFS** = Uniform patient fee schedule – the tariffs charged by State or public facilities

**Per family per annum** = A family is defined as the member plus his or her registered dependants
